Quality education is everything in the modern business world.

Welcome to the very first edition of Aurora Training Institute’s brand new quarterly newsletter. This newsletter will be our way of sharing exciting industry news and Aurora updates with our growing network of students, employers, and schools.

2016 is already flying by, and Aurora has had another great start to the year with many students graduating from both certificate and diploma courses as well as many more students joining us to commence their VET courses.

To make your studies with us even more comfortable, we have added new student lounge facilities across all three campuses.

The entire team at Aurora Training Institute is looking forward to working with you all on another successful year in 2016!

Kindest Regards,
Stuart Love
Chief Executive Officer

“It has been a great experience working with the team from Aurora Training Institute; the professionalism which the people have demonstrated has been amazing and is certainly a testament as to why Aurora is such a great business.

The communication between all members of the Aurora team that I have dealt with is certainly another reason why Aurora is so successful. In a time when some businesses are certainly lacking communication and customer service, this is certainly not the case with the amazing people at Aurora, who go above and beyond in their efforts to help.

A huge thank you to all of you for making my job so much easier.

Lisa Raymond
Project Officer, Gateway to Training
