Education is everything in the modern business world.

Competition is the driving force behind innovation, effectiveness and sustainability. Leading organisations rely heavily on high quality teams to get the job done!

This is where superior training, skills, knowledge and experience are needed to stand out from the competition.

Our certificate courses are designed to inspire and provide opportunity.

The team at Aurora Training Institute has shaped a collection of Certificate courses that will ensure you have every opportunity to experience and learn what is required to succeed in your chosen industry.

We offer exceptional education and training services for people at every stage of their personal and professional development.

Our vision is to successfully transition students from school to employment by integrating VET in Schools, School Based Traineeships and Apprenticeships and real world experience through a positive learning environment both inside and outside the school.

I extend a genuine and warm welcome to you and congratulate you on considering a high quality education with Aurora Training Institute.

Kindest Regards,

Stuart Love
MBA, Grad Dip Man (Learn), FAIM, JP

Chief Executive Officer
INSTITUTE OVERVIEW

Why choose us?

Aurora Training Institute provides you with unique education and training choices. If you are planning to kick-start your career, we are here to help make that happen!

We are serious about providing you with world-class education and training at every stage of your personal and professional development. Aurora Training Institute is excited to offer you innovative, flexible and supportive education and training.

Quality Assurance

Aurora Training Institute is a leading Australian nationally recognised Registered Training Organisation (RTO) of vocational education and training. We offer an extensive range of courses that are accredited under the Australian Qualifications Framework (AQF), from Certificate through to Diploma level.

Innovative Choice

Aurora Training Institute delivers a range of short courses for industry entry and professional development. We also offer higher education qualifications at Certificate and Diploma level for personal development and career advancement.

Flexible Learning

Aurora Training Institute believes in giving you flexible learning options to suit your busy schedule and lifestyle. We offer classroom, workplace and online learning platforms.

If there’s a life you want, we can help you make it happen. No more excuses.
FAQ

What is VETiS?
Vocational Education and Training (VET) courses are available to students while they are still at school. This is often referred to as VETiS. VET in Schools (VETiS) is designed to expand opportunities and improve educational outcomes for senior secondary school students.

What are the costs involved?
VETiS is funded by the QLD VET Investment Budget and is fee-free for school students.

How long will it take to complete a Certificate II?
Aurora Training Institute’s Certificate courses are designed to be completed in 6-12 months.

What are the eligibility criteria?
All Queensland secondary school students in Years 10, 11 and 12 can access VET within any recognised qualification across a range of industries in a school environment; however VET investment funding can only be used for those qualifications identified as employment stream qualifications.

Students also have the opportunity to advance into a Certificate III traineeship or apprenticeship combining practical paid work with training. This is also funded by the Government whilst the student is at school and will contribute credits towards a student’s Queensland Certificate of Education (QCE).

Students who complete a certificate II (or higher) qualification at school can access further government subsidised training after school e.g. Year 12 fee-free training and the Certificate 3 Guarantee.

How difficult is it to complete a Certificate II?
Certificate II’s are rated as level 2 qualifications according to the Australian Qualifications Framework (AQF). VETiS focuses on delivering qualifications to provide you with the skills and knowledge required for specific industries. You can undertake VETiS as part of your school studies, and our supportive training methods will ensure you the best possible chance of success in your studies.

How will I know if I am on track with my study and if I am passing my course?
Our training staff will engage with you directly and provide extensive support to your learning at every stage. You will be notified when assessment tasks are due and provided with constructive feedback allowing you to monitor your progress and see your achievements.

Telecommunications is an industry that is constantly evolving; new technology is impacting on our lives in ways never before imagined.

In this program, you’ll gain both theoretical and practical knowledge of indoor and outdoor installation, operation and maintenance of domestic, commercial and industrial telecommunication equipment and products. All training materials and consumables are supplied to get you started with confidence!

This program suits new entrants with limited industry experience. You’ll get to do extensive practical work in a simulated commercial environment while learning the theoretical knowledge about cabling rules. You’ll also be trained to use typical commercial telecommunications equipment, in preparation for future employment positions.

To achieve a Certificate II in Telecommunications, 11 units must be completed.
