

Aurora
TRAINING INSTITUTE

DECEMBER EDITION 2017

CEO Message

As the end of the year draws near, and we take time out with our families and loved ones, I would like to say thank you to all our students, staff, clients and business partners with whom we have worked with throughout 2017.

This year has been quite a year for Aurora Training Institute with many exciting developments. Firstly, the continued growth of our student management system and online learning platform has provided increased levels of support for our students, partner schools and employers. Also, Aurora students and employers had great success at the 2017 Queensland Training Awards. Finally, there were a few well-deserved staff promotions – what a great year!

I am immensely proud of the team and the work they put in to make Aurora a ‘force for good’ in the education industry. It is their dedication and passion that has built our reputation as a high-quality training provider.

Looking forward to continuing Aurora’s mission in 2018 on delivering ‘World Class Education and Training.’

Wishing you and your families a safe and Merry Christmas.

Kindest Regards,

Stuart Love

Chief Executive Officer
Aurora Training Institute

Team Appreciation

Congratulations to our school-based trainee Breanna Gulleford. Breanna has been working at Aurora Training Institute for the past year to complete her Certificate III in Business Administration school-based traineeship.

Breanna always strives to do her best and has a fantastic work ethic. She has demonstrated this through her punctuality, attention to detail, and her positive interactions with all staff and clients.

We have enjoyed watching Breanna’s confidence grow during her time with Aurora and we will greatly miss her.

Diploma Testimonial

“

I have just completed my Double Diploma of Business, Leadership and Management. The process of completing my diploma was hard and long but with the trainer’s help, I was able to complete it within the set timeframes and to the best of my ability.

Janneke Pignolet was an amazing and well-spoken trainer. She was clear and concise and made sure I understood what we were talking about. She made sure that I got the help I needed. She always made sure if I had any questions that I could email, text or call her. There was always time for catch-up sessions. And she was determined in helping me. Without Janneke I don’t think I would have been able to complete the diploma within the set timeframes and would have had a lot more difficulty. Janneke also helped me out with extensions as she knew how determined I was and made sure she gave me a realistic timeframe.

My experience with Aurora Training Institute was really amazing and definitely something I would do again.”

“

My trainer Sharon Wilson was very helpful throughout my diploma studies. She would always help me whenever I needed it.

I have loved working with all the team at Aurora Training Institute. They are all very friendly and always help me.

I have gained valuable skills that I can use in my future employment and I have also gained great communication and customer service skills

My greatest achievement would have to be the skills I have gained while completing my certificate. A specific highlight from my time at Aurora would have to be working with the amazing staff members.”
